RE: Donation

Dear Mike:

Thank you for your continued support of the Mamakating Little League, where our goal is to make a better place for our future, our children, to play and have fun. Your donation helps to defray the costs of equipment and supplies used for the children in the league.

Our biggest plans for the League have included a new concession stand and this 2007 Season it was made be possible with your help in the donation of the installation of all the electrical and misc. supplies. We can't thank you enough, it will be the smiles on the children's faces that we will see the gratitude.

Once again, thank you for this huge donation to help our League. Also enclosed please find a certificate of appreciation from the league.

Thank you again for your continued support.

Mamakating Little League,

Peggy Wood  
Fundraiser Chairperson/President
